

BELGIUM FACES REVOLUTION AS TROOPS DESERT

Many Killed in Election Riots
and Government Sends Call
for 50,000 Reservists.

BRUSSELS, Belgium, June 4.—The post-election riots in Belgium have taken on a revolutionary character. Following last night's troubles at Liege and other places the Socialist Central Committee declared to-day that it would proclaim a general strike tomorrow.

In addition to the troubles at Liege and Verviers, where gendarmes fired upon a crowd, killing or wounding over fifty persons, among whom were two children, there was also rioting yesterday and last night at Bruges, capital of the province of West Flanders, Tournai, capital of an Arrondissement in the Department of Hainaut; Ghent, capital of East Flanders; Louvain, fifteen miles northeast of Brussels, and at Antwerp and in this city.

A number of Jesuit colleges and Catholic institutions were attacked by mobs and the windows of the buildings smashed. The gendarmes charged the rioters with broadswords.

At Antwerp one battalion of scouts and a section of artillery of the civil guard joined the manifestants. They rebelled against the police authority and vented their feelings in demolishing windows. The clerical press demands the dismissal of these troops.

The favorite cries of the manifestants are those demanding the administrative separation of the Flemish and the Walloon provinces. Some of the newspapers report a growing sentiment among the working classes in the Walloon districts of the Southwest in favor of the annexation of their provinces to France.

The agitation is spreading throughout the country and fifty thousand additional reservists will be called out. At Liege enormous damage was done by the rioters last night. To-day the streets in the center of the city were piled high with debris from broken tables, chairs, beams, planks, which were the arms used by the mob in the attacks upon the police and gendarmes.

The tramways were wrecked. At the Place St. Lambert the rioters overturned street cars and used them as barricades from behind which they hurled missiles at the police, injuring several.

The most serious encounter occurred in the vicinity of the Socialist Headquarters known as "Populaire." Firing revolvers in the air, the protesters advanced, slowly through the streets to "Populaire," racking stores en route. After they had arrived at the headquarters several shots were fired from within the place upon the mounted

SENTENCES IMPOSED IN GENERAL SESSIONS

Four Persons Are Sent to Prison,
One to Elmira and One
Is Fined.

Six prisoners convicted of various crimes before the Judges of General Sessions were sentenced yesterday.

BY JUDGE FOSTER.

**AUTO WRECKED IN CRASH
WITH A TROLLEY CAR.**
Two Occupants, Who Have Narrow Escape, Are Accused of Reckless Driving.

After running into a barrel with a red lamp guarding an excavation and narrowly missing the hole, an automobile crashed into a street car at Lexington avenue and One Hundred and Twenty-second street about 2:30 o'clock this morning and was completely wrecked. The machine turned turtle, but when Patrolman Traynor dragged the two occupants out they were found to be only scratched and shaken.

They said they were George De Fevre, eighteen, of No. 315 West One Hundred and Twentieth street, owner of the car, and Frank Hafford, twenty-two, of No. 55 West One Hundred and Seventieth street, both dealers in automobiles. Dr. Proctor of Harlem Hospital fixed them up and Sergt. Donnelly gave them summonses on charges of reckless driving.

Jersey Insane Increasing.
TRENTON, N. J., June 4.—Insanity is on the increase according to a statistical statement of the wards of the State made by Commissioner of Charities and Correction Hyers to-day. The report shows that there is an annual increase in the rate of insane patients of about 50 a year. The total enrollment of State wards on May 1 was 1,340.

1,400 ORPHAN TOTS OWN CONEY ISLAND FOR ONE LONG DAY

Everything From Lemonade
to Autos Is Free to Youngsters
from Brooklyn Asylums.

Coney Island was turned over to the inmates of the orphan asylums of Brooklyn to-day. They owned the resort from the time of their arrival, and with three brass bands and a plentiful supply of flags, they impressed the ownership on all visitors.

The outing of the orphans was arranged by the Long Island Automobile Club. Members of that organization contributed 400 automobiles, which visited eleven orphan asylums during the morning and gathered up 1,400 little tots who are deprived of the care and guidance of their parents.

The children left the automobiles at the foot of the Ocean Parkway and marched down Surf avenue to Pelman's pavilion, where they were given relay rides on the big merry-go-round. A bountiful feed, topped off with ice cream, was furnished by the Pelman brothers, after which various slides and rides were visited. In the afternoon Fred Thompson threw open Luna Park to the little visitors and everything in that vast inclosure was free to them, including lemonade, popcorn and peanuts.

The children were in charge of attendants from the various institutions from which they were recruited. All arrangements were carried out by committee of automobile owners, headed by Charles C. Cluff, William Payson Richardson, Francis G. Webb, Lewis T. White and William Schimpke.

It was a big job to handle 1,400 lively youngsters in one party, but the committee proved equal to the task. The orphans' outing has been established as an annual event in Brooklyn.

THEY SKATE ON REAL ICE ON HAMMERSTEIN'S ROOF.

Sixteen-Act Vaudeville Bill Opens
Season and Big Audience
Is Pleased.

Hammerstein's Roof Garden opened its summer season last night with a sixteen-act vaudeville bill and a skating carnival on real ice as a side dish during intermission.

If New York was in doubt whether the recent rainy days meant that the roof garden season was in order in the lobster palace district, the doubt was removed. Every seat for the performance was occupied and the tables in the rear, where one can talk successfully

even while a brass band is loaded on to executing the "Star Spangled Banner," were crowded with thirsty patrons.

Decorations in the shape of the usual bower of roses and carnations were in evidence. At the elevator entrance three young ladies with arms full of roses and plinks pleased their wares on the entering audience. At first men drew back, thinking the flowers were offered for sale, but when the reassuring "Compliments of the management, sir," was delivered with a smile every one was willing to wear a buttonhole bouquet.

During intermission the audience swarmed to the rear of the theatre, where on a small strip of real ice several women and men did turkey trots on ice skates to the tune of a cool-looking colored band seated several inches above the ice.

CAN DESTROY ROAD.

Supreme Court Denies Injunction
in Kenosha Reservoir Case.

(Special to The Evening World).
WHITE PLAINS, N. Y., June 4.—Supreme Court Justice Tompkins to-day handed down a decision denying the application of the plaintiff in the action brought by Charles F. Reynolds of Kenosha against the Kenosha Contracting Company and the city of New York for an injunction restraining the contracting company from destroying the West Shore road on what was formerly the old Kenosha Lake and which will be a part of the big new Kenosha reservoir at Valhalla when the tremendous work is completed.

Reynolds asked that the Kenosha Company, which has the \$8,000,000 contract for the reservoir work, be stopped from destroying the road because it was his best means of reaching Valhalla and White Plains from his farm at Kenosha. The court held that the road and the land on both sides of the road were owned by the city and that the injunction would hold up the work indefinitely. Justice Tompkins also said that there were three other roads the plaintiff could use and it was to be expected that he would be inconvenienced a little and went on to say: "This motion will be denied with the condition, however, that the defendant, the city of New York, within sixty days, shall take proper proceedings to relocate and provide a suitable substitute highway and assess the damages, if any."
